

Nano Convergence Thematic series on The 11th International Conference on Advanced Materials and Devices (ICAMD2019)

Submission instructions:

Before submitting your manuscript, please ensure you have carefully read the [Instructions for Authors](#) for *Nano Convergence*. The complete manuscript should be submitted through the *Nano Convergence* [submission system](#). To ensure that you submit to the correct thematic series please select the appropriate thematic series in the drop-down menu upon submission. In addition, indicate within your cover letter that you wish your manuscript to be considered as part of the thematic series on 'The 11th International Conference on Advanced Materials and Devices (ICAMD2019)'. All submissions will undergo rigorous peer review and accepted articles will be published within the journal as a collection.

The screenshot displays the submission system interface for Nano Convergence. The top navigation bar includes the journal title, Editorial Manager logo, and user role (Author). Below the navigation bar is a progress indicator with seven steps: Article Type Selection, Attach Files, General Information, Review Preferences, Additional Information (highlighted with a red box), Comments, and Manuscript Data. The main content area shows a form titled 'Are you submitting this manuscript to a Thematic Series?' with a radio button selected for 'Yes' (highlighted with a red box). Below this, a nested form shows a list of thematic series options, with 'The 11th International Conference on Advanced Materials and Devices (ICAMD2019)' selected (highlighted with a red box).

Are you submitting this manuscript to a Thematic Series?

Answer Required: Please select a response
 Yes
 No

Are you submitting this manuscript to a Thematic Series?

Answer Required:

- Please select a response
- Fabrication and Characterization of Novel Nanostructures and Devices
- Novel Nanotechnology-based Medical Toolkits
- The 11th International Conference on Advanced Materials and Devices (ICAMD2019)
- Solar Fuel Generation
- Advance in Photonic Devices Scaling Down to the Nanoscale
